

## Assembly and mounting Instructions

Thank you for purchasing VFI's PLM-1022 monitor mounting system. This product was designed for podium and lecturn applications and is compatible with most 10"-24" monitors.

**Note:** If you cannot understand these instructions or are concerned about safety of the installation Contact a qualified contractor or contact VFI at 1-877-834-3876.

Confirm all hardware is included before you begin assembly.  
Not all hardware supplied will be used depending on the manufacturer of your display/s.

### Supplied Parts:

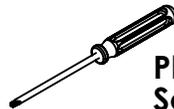

### Supplied Hardware:

### Tools required:

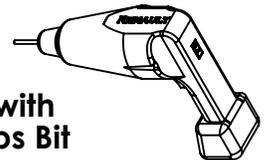

1/2" Wrench  
or Socket

Phillips  
Screwdriver

or

Drill with  
Phillips Bit

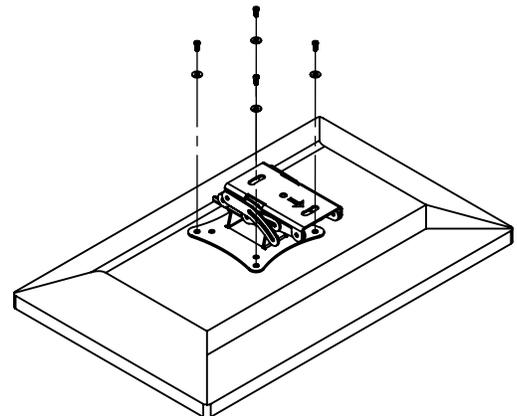

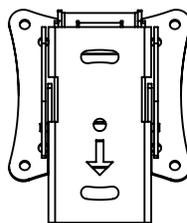

## Attaching PLM-1022 to Monitor

### Step 1

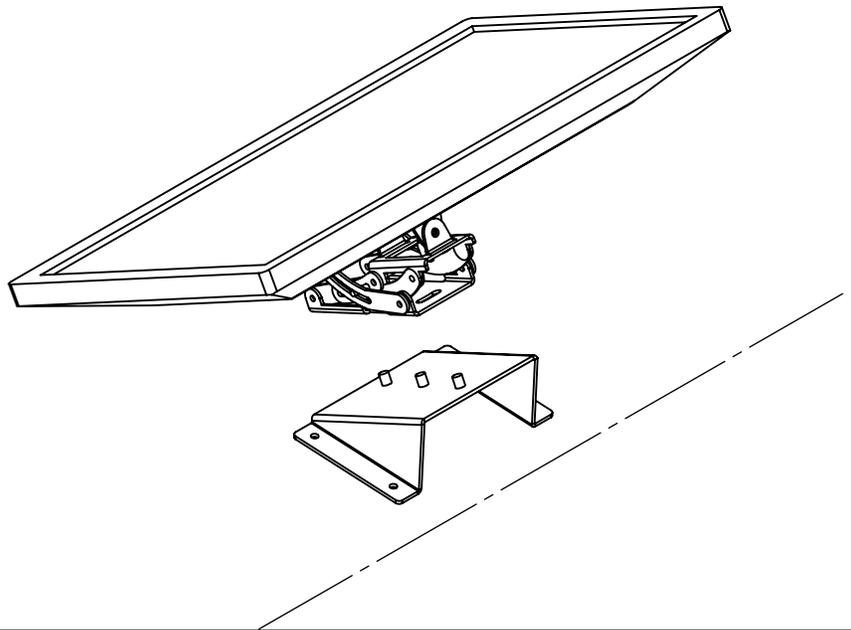

Attach the PM-1022 mount onto your desired monitor using M4 or M5 screws and a Phillips screwdriver.

For most monitors, install the mount with the arrow facing down.

## Step 2

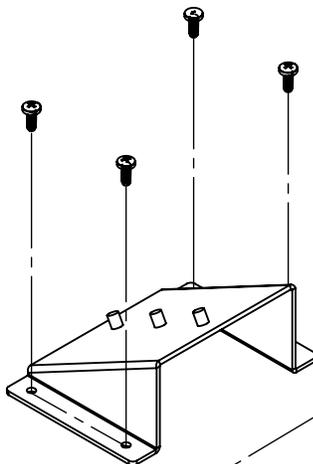

Place the PLM-1022 base onto your podium or lectern surface and use the monitor assembly to find the desired mounting location.

## Attaching to Surface

## Step 3

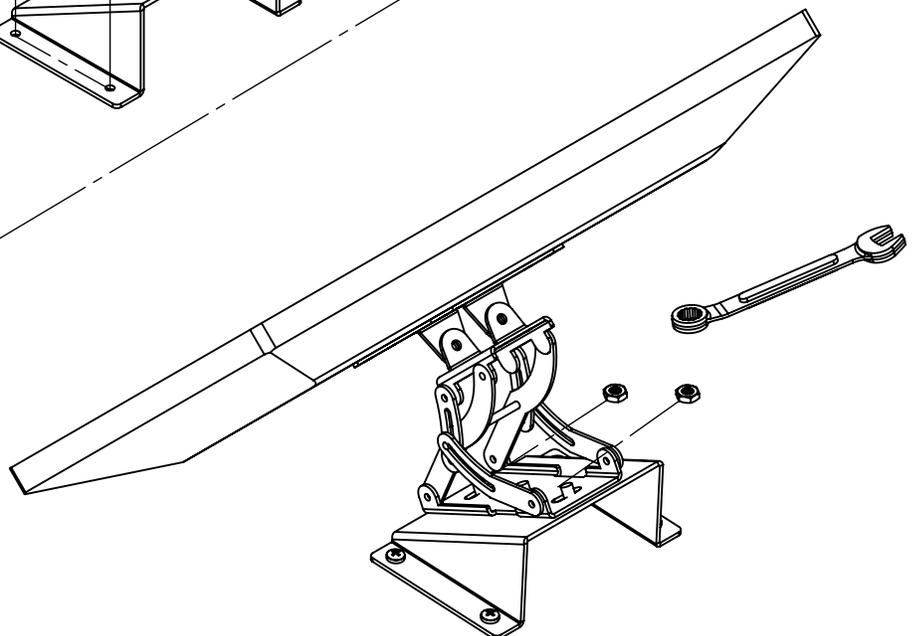

Use wood screws and a Drill or Phillips screwdriver to mount the base onto the surface.

## Step 4

Place the monitor with attached bracket onto the PM-1022 base and use 5/16" nuts to secure in place.

Angle adjustments can be made using the tightening arm on the side of the bracket.

Your Done!
